## Crown Connect 3 Quoting

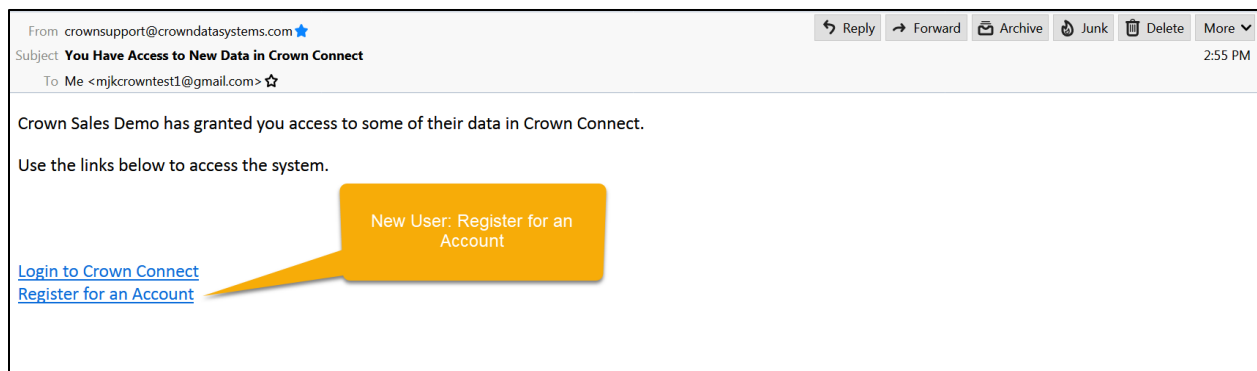

### Sections

- A. Setting up a New CC3 User Account
- B. Crown Connect 3 Web Site Orientation
- C. Getting a Quote through Crown Connect 3

### A. Setting up a New CC3 User Account

#### *Email, User*

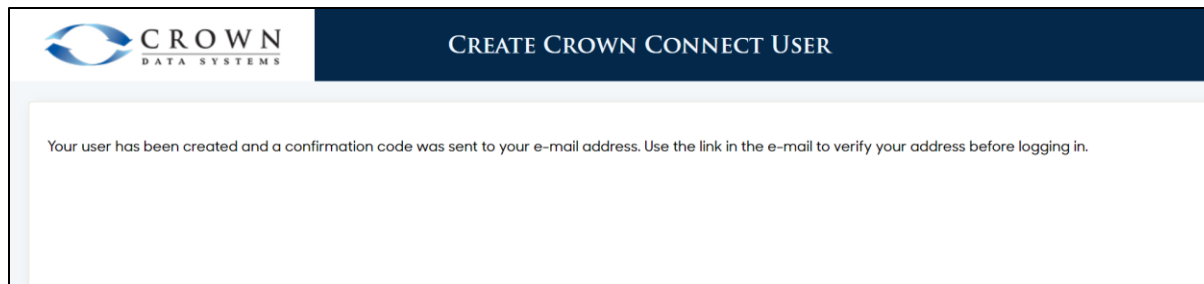

1. The user will receive an email, like this. If the user is new to Crown Connect and does not have an account with any company, the user should click *Register for an Account*. This will take open the CC3 Create Crown Connect User web page.

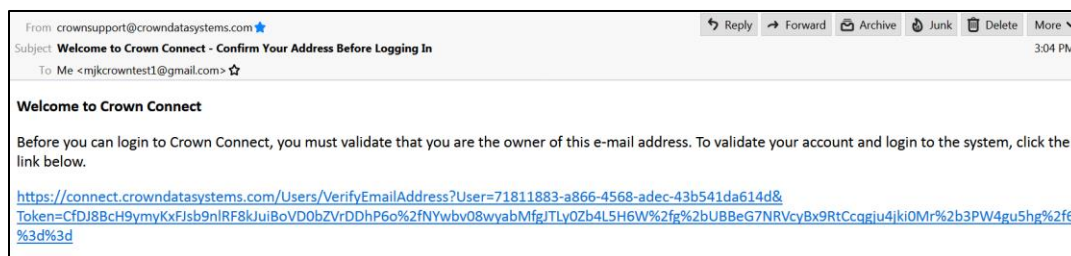

2. On the Create Crown Connect User web page, the new user should enter her or his information. When done, the user should click the Create User button.

The screenshot shows a web page titled 'CREATE CROWN CONNECT USER' with the Crown Data Systems logo. A message at the top reads: 'Enter the login information you would like to use for Crown Connect. After submitting the form, you will be required to verify your e-mail address before you can login.' The form contains the following fields: 'E-mail Address', 'Password', 'Confirm Password', 'First Name', and 'Last Name'. At the bottom left is a blue 'Create User' button. An orange callout box points to the form fields with the text 'New User Enters Account Information'.

3. Once the new credentials have been submitted, the user will see a confirmation message.

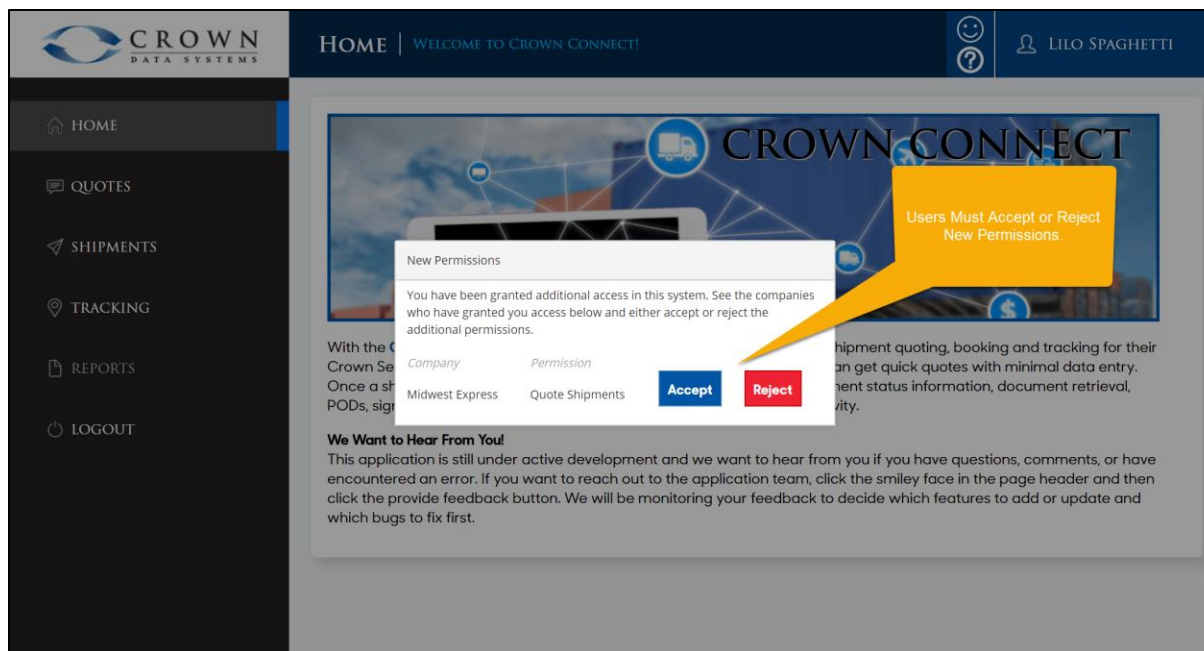

4. In response to creating the account, the user will receive an email asking to confirm the creation of the new account. When the user clicks on the link, the account will be activated and the user will be authorized to log in and use CC3.

#### *Crown Connect Web Site, User*

5. When a user logs in to Crown Connect 3 after a new permission (such as the ability to submit quotes) is granted, the user will need to Accept or Reject those permissions.

## B. Crown Connect 3 Web Site Orientation

### *Crown Connect Web Site, User*

6. Once logged in to Crown Connect 3, the user should click on the Quotes link to go to the page that will allow them to create new quotes and to view existing ones.

The screenshot shows the Crown Connect 3 website interface. The top navigation bar includes the Crown Data Systems logo, the 'QUOTES' section header with a sub-link 'CREATE NEW AND MANAGE EXISTING QUOTES', and a user profile for 'MICHAEL KING'. The left sidebar contains links for HOME, QUOTES, SHIPMENTS, REPORTS, and LOGOUT. The main content area features a 'MANAGE QUOTES' banner with a 'Link to Quotes Page' callout and an 'Enter a New Quote' button. Below the banner is a 'PREVIOUS QUOTES' table. To the right is a 'QUICK QUOTE' form with fields for Service Level, Pieces, Weight, UOM, Pickup Postal Code, and Delivery Postal Code, and a 'Get Estimated Charges' button.
